

BlueChipTek
Whatever IT Takes[®]

Global Logistics

Expanding your global reach doesn't have to be hard or complicated. With the BlueChipTek Global Logistics Solutions Team on your side, you can successfully execute global projects involving multi-country rollouts and implementations. We help you navigate international trade regulations by providing expertise in global trade processes, compliance, customs and duties, making it simple to successfully execute on a global scale.

Our flexible program complements your current abilities, extends your geographic reach, and provides you with the potential to pursue new geographic market opportunities with minimal investment.

- Reliable services and fulfillment with 27 logistics centers and 13 Supply Chain Services locations on six continents
- In-country fulfillment in 70+ countries
- Local currency VAT-compliant invoicing and export law/compliance audit
- Staging, strategic stocking, configuration and project coordination services expertise

- Minimize contracts and approved vendors while expanding internationally quickly
- Best of breed technology vendors such as Juniper, Cisco and Palo Alto Networks

Continue to leverage your centralized engineering and operations staff while expanding to new markets.

- No need to hire in-country staff
- Local currency purchasing in 60+ countries
